In re Application for Reissue
Of U.S. Patent No. 5,967,264

**DECLARATION WITH
STATEMENT OF ERROR IN
SUPPORT OF REISSUE APPLICATION**

RECEIVED
JUL 03 2002
GROUP 3600

Sir:

Applicants further declare the following:

The error upon which Applicants are relying to support
the Reissue Application is that of claiming less than they

had the right to claim in the above identified Patent 5,967,264 ("the '264 patent").

Applicants failed to appreciate the full scope of the invention. For example, Applicants now believe that the use of the term "shuffling" in Independent Claims 1 and 12 is unnecessarily limiting so as to render the original '264 patent partly inoperative. Applicants now believe that they are entitled to additional claims which do not include the term "shuffling". Applicants also believe that they are entitled to additional claims of greater scope.

All errors which are being corrected in the present Reissue Application up to the time of filing of this Declaration arose without any deceptive intention on the part of the Applicants.

This Reissue Application is being filed within two years of issuance of the '264 patent as required by 35 U.S.C. 251.
